For every Christian home...a child's first hymn book

Chatter with the Angels

compiled and edited by **Linda S. Richer and Anita Stoltzfus Breckbill**
 accompaniments by **Robert Roth**

The texts portray God as a gentle, loving God who cares for us and is a great and creative force in our world. The tunes and melodies represent a wide variety of time periods, styles, and cultures. The illustrations are truly beautiful, creative, and stimulate the imaginations of children through art as well as music. Together, they are the basis for *Chatter with the Angels*, a full-color, beautifully illustrated book of hymns and songs for children.

This beautiful, collectible edition features ecumenical Christian songs, including both traditional and new songs and hymns like "For the Beauty of the Earth," "Ev'ry Morning Brings Us Blessings," "O! Noah Got Mad," "Amazing Grace," "Away in a Manger," "Peace Is Flowing like a River," and "Shall We Gather at the River." There are 90 songs and hymns in all! All songs are recorded on two accompanying CDs, perfect for singing along!

Chatter with the Angels is perfect for use by child and parent at home, yet is also appropriate for children in Christian education settings or with young choirs.

Simplified piano accompaniments can be played by adults or children who have learned to play piano. Guitar chords are also provided.
